

# TWO GERMAN CRUISERS ARE REPORTED SUNK IN NORTH SEA

As the German cruisers withdrew the British vessels were heading toward them from the east, north and south.

Extensive property damage was done by the German shells. The ruins of the celebrated abbey of St. Hilda on the cliff at Whitby and the ancient church close by were damaged as were three churches in Scarborough.

The raid of the German cruisers on the English coast was the most daring accomplishment of the war. Kiel, the German naval base, is 310 miles due east of the points bombarded. The German vessels probably came from behind the Heligoland fortifications and mine fields soon after dusk yesterday and steamed straight across the North Sea, dodging mine fields and British cruiser and destroyer patrols.

It is said that just such an attack as that made to-day has been anticipated and that preparations had been made to meet it.

Thousands of troops are in trenches along the east coast and extensive preparations for attack have been made in all coast defence works.

## FOUR DESTROYERS ATTACK GERMANS.

The Newcastle Evening Chronicle credits an eye witness of the bombardment of Hartlepool with the statement that he saw three German cruisers firing on the city and that the Germans were attacked by four British destroyers. Conflicting statements from Scarborough place the number of cruisers that engaged in the bombardment there at from one to four.

The German attack was aided by a thick haze along the coast of the North Sea. People at Redcar and Whitby who saw the gunfire flashes through the fog state that three cruisers were engaged.

A seaplane patrol has been organized along the east coast to keep a lookout for German vessels of war. Whether the bombardment of the four towns was an independent action or part of a general plan of invasion put into operation by the Germans is shrouded in the strict censorship of all means of communication.

Scarborough and Hartlepool were bombarded simultaneously between 8 and 9 o'clock. Whitby was bombarded later. Whitby is seventeen miles north of Scarborough and twenty-five miles south of Hartlepool, and it is thought that perhaps two of the ships which bombarded the latter port steamed north along the coast and opened fire on Whitby.

## THREE CHURCHES SET ON FIRE.

Three churches in Scarborough were set on fire by German shells. Factories with tall chimneys furnished targets for the German gunners at Hartlepool.

The bombardment of Hartlepool, which is a thickly settled community, appears to have been indiscriminate. Pieces of shell have been found in all parts of the town.

None of the four places bombarded had any warning. The wildest panic ensued when shells began to fall and explode among the homes of the astounded people. There was a concerted rush away from the seacoast in which hundreds were injured.

In Scarborough, where the bombardment began at 7.55 o'clock, many were still in bed and fled from their homes clad only in their night garments.

In Scarborough a train was at the railway station just about to start for Hull. Although the Germans made a target of the railroad station and demolished two of the platforms with shells, the engineer of the train, with shells falling all around his locomotive, waited until the schedule time before starting his train.

The coaches were jammed with refugees. Other trains were made up and run to Hull with people of Scarborough.

## FIRST SHOTS CAUSED NO ALARM

The refugees from Scarborough on reaching Hull declared that when they first heard the firing off shore they thought it was simply British battleships practising. No attention was paid to the cannonade.

Then a house was struck by a shell and crumpled into a heap of ruins. A few moments later the Balmoral Hotel was struck and immediately took fire.

Communion service was being celebrated in St. Martin's Church when two shells struck the building. The congregation remained calm.

Shells began to arrive close together by this time. Other houses and buildings were struck and burst into flames.

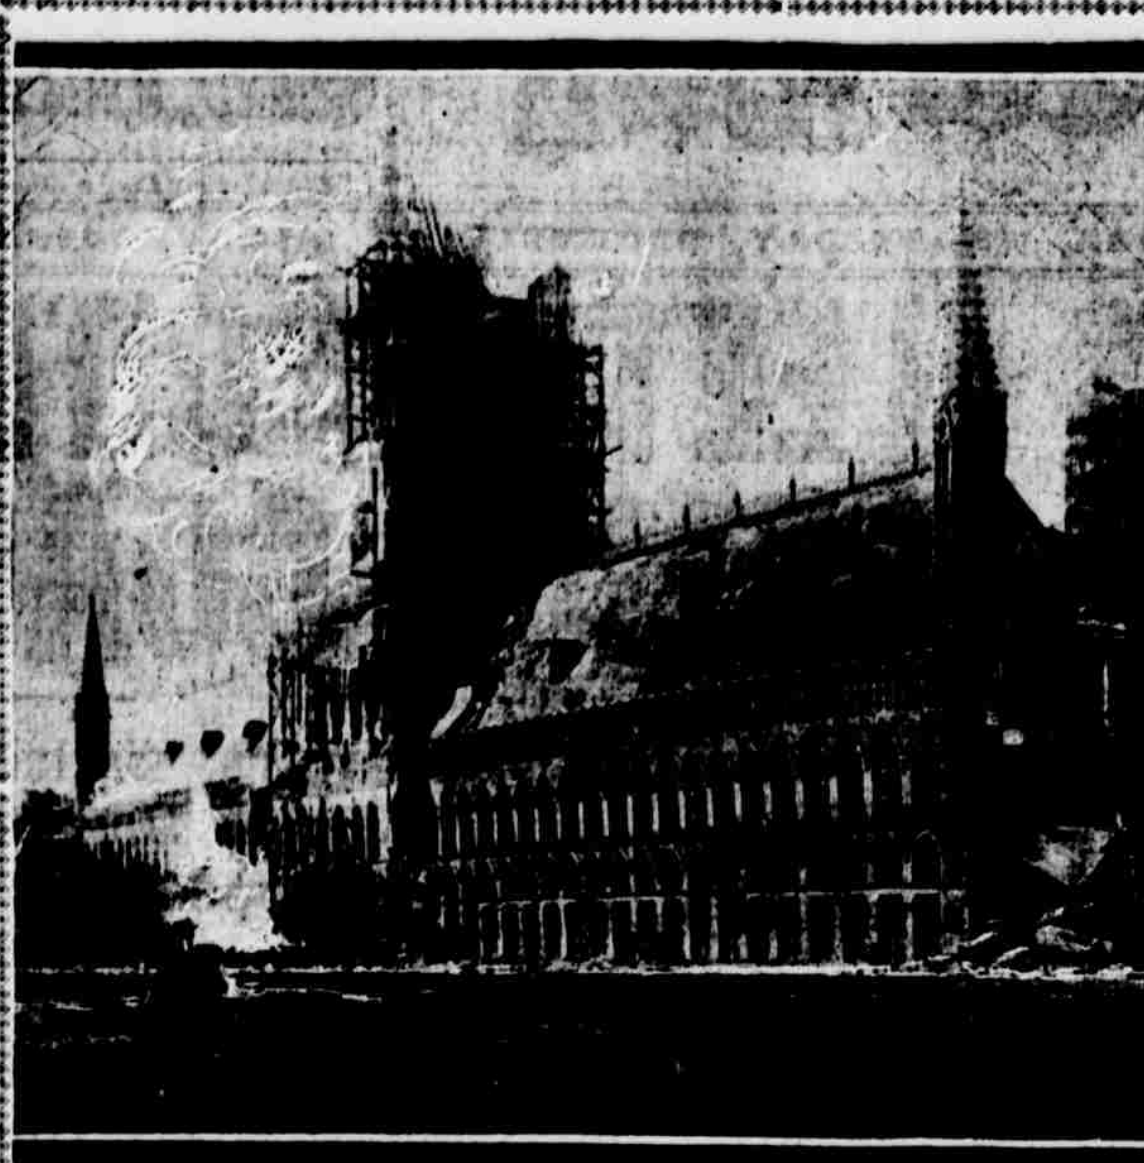

The first German shells, feeling for the range landed in the section of town close to the shore. The three churches which were struck stood out as targets by which the German gunners evidently directed their fire, and all were struck early in the bombardment.

As the train pulled out the refugees saw the streets fairly choked with other residents of the town, endeavoring to reach open country, beyond the range of the German guns. Every sort of conveyance had been commandeered in the anxiety of the terror stricken people to escape.

When the train left Scarborough the refugees said part of the town was enveloped in smoke.

While waiting at the station at Scarborough for the moment for starting his train, the engineer sent a telegram to

## BURNING OF THE FAMOUS CLOTH HALL IN YPRES

THE ANCIENT CLOTH HALL OF YPRES IN FLAMES FROM GERMAN ARTILLERY FIRE

his wife in Hull. He announced that shells were falling all about him, but he was all right.

The only information given out by the Admiralty is a confirmation of the news of the bombardment, the announcement that British warships have engaged the German cruisers and that the situation in the North Sea is "developing." The text of the Admiralty communication follows:

"German movements of some importance are taking place this morning in the North Sea. Scarborough and Hartlepool have been shelled and our flotillas have at various points been engaged. The situation is developing."

## RAIDERS CRYPT THROUGH HAZE.

The sun rose over England this morning at 8.01 o'clock. The German bombardment began at Scarborough at the first flush of dawn. The flash of the guns of the squadron could be seen through the early morning haze by those who went to the shore out of curiosity. It is estimated that 300 shells were thrown into Scarborough.

The point of the coast bombarded is directly west of and 310 miles distant from Kiel, the German naval base. The cruisers of the enemy must have covered much of that 310 miles during the night, in itself a remarkable feat, although the nights are long in this climate at this time of year. To get from Kiel to the English coast in darkness and avoid the patrol fleet and mine fields the German vessels must have steamed at top speed with all lights out. Apparently they were timed to arrive on the English coast at sunrise, and they made their appearance according to schedule. The bombardment at Scarborough began six minutes before the sun appeared over the horizon.

## TURKS SLAY GREEKS, PILLAGE THEIR HOMES AND ATTACK WOMEN.

ATHENS, Dec. 16 (United Press). Turkish troops at Atvali, Asia Minor, in an outbreak directed against the Greek population of the city, killed four persons.

The houses of Greeks were entered and pillaged and stores wrecked and burned. Many women and girls were attacked.

Atvali is on the Gulf of Adamiy in Asia Minor, twenty-eight miles south-west of the town of Adamiy.

## GERMAN TROOPS GIVE UP GOLD POCKET PIECES AND PEASANTS THEIR GOLD.

BERNE, Dec. 16 (via Paris) (Associated Press).—The increase in the Imperial Bank of Germany's gold stock from 1,255,000,000 marks (\$218,200,000) since the beginning of the war to 1,991,000,000 marks (\$497,750,000) shown in the last report of the bank is explained in German newspapers as being due to repulsive measures of the Government against trading in gold as a commodity at a premium. And by the continuous urging of the peasants to give up their gold hoards in exchange for notes. German soldiers also are said to have given up their gold pocket money.

## 200,000 RUSSIAN TROOPS RUSHED TO FRONT TO HELP GUARD WARSAW.

WARSAW, Russian Poland, Dec. 16, via London (Associated Press).—Further extensive preparations have been made to protect Warsaw against possible German attacks. Reinforcements amounting to five army corps, or about 200,000 men, are arriving here from interior points. Many of these are first line troops, with a full complement of artillery.

He Killed Woman Twelve Years Ago.

PORTLAND, Ore., Dec. 16.—Ernest Roman, sixty years old, to-day surrendered to the police and declared he had shot and killed Mrs. Matthew Mann at Pittsburgh twelve years ago because of unrequited love. He surrendered by state because his conscience bothered him.

## MINES EXPLODED 20 FEET FROM BOW OF TRANSYLVANIA

(Continued from First Page.)

tained that the ship's skin had not been torn. The passengers were sent back to their berths and the Transylvania headed out on her course, making only an average speed of 12-14 knots on account of the heavy seas.

The official explanation aboard ship was that the Transylvania had been "struck by a thunderbolt." But Charles F. Sumner, agent of the line here, hurried aboard as soon as the Transylvania came in and went into a troubled conference with the officers. Inquiries were asked to go away and were told that Capt. Turner would have no statement to make.

Sir Charles Allom, a noted British architect and a member of the Priests of War Health Committee, who was among the passengers, on hearing that the New York arrived safely Saturday said: "Thank God for that. We may be wrong in the belief that a great passenger ship has been sunk; I hope so; but the story has been persistent abroad. There is no use in denying that a collision of two drifting mines caused the explosion which so nearly destroyed us. England will now drag the channel. In the meantime it is only right that people should realize the present dangers of oceanic travel."

## BERLIN AGAIN SLIGHTS AUSTRIA, REFERRING TO SERVIAN VICTORY.

BERLIN, via Wireless to Saville, L. I., Dec. 16.—"Predictions that the Servians' powers of resistance have been broken have been shown false by Vienna's report that strong forces southeast of Valjevo have compelled the Austrians not only to abandon their offensive, but to retreat for a new formation of forces," declared a statement officially issued here to-day.

The above is the second instance within a week where Berlin statements have proved absolutely untrue. Austrian troops and planes are American troops.

## SUING TEACHER-MOTHER GETS \$9 WEEK ALIMONY

Mrs. Ford, Who Forged to Get Food After Losing Job, Asks Separation.

Mrs. Mary Ford, twenty-eight years old, of No. 320 Claason Avenue, Brooklyn, the teacher-mother who was forced out of her position by the Board of Education when her child was born, and who forged checks to get money for food, to-day brought suit for separation in the Kings County Supreme Court against her husband, William S. Ford.

Since County Judge Roy freed her on a suspended sentence, after she had pleaded guilty to forgery, she has been unable to support herself and applied to Justice Clark for alimony and counsel fees, pending trial of her separation suit. The court allowed her \$9 a week and counsel fees.

## WILSON STILL BACKS LYNN.

Holds Recess Appointment Rejected by Senate Holds Good.

WASHINGTON, Dec. 16.—President Wilson will stand behind his appointment of John D. Lynn of Rochester as United States Attorney for the Western District of New York despite the fact that his nomination was rejected by the Senate at the instance of Senator O'Connor, whose friends claim that the position that Mr. Lynn's recess appointment will hold good until March 4, and point to court decisions to uphold that view. Some Senators, however, are said to differ from that position.

There are other instances of the President having nominated men not recommended by Senators, and official circles expect to see an issue made of the question.

## International Typetting Machine Company in Trouble.

In the Federal District Court to-day Judge Hough named Erskine Hewitt of No. 50 Church Street receiver for the International Typetting Machine Company, No. 63 Park Row, with a bond of \$50,000.

This action was taken in a suit filed by the International Banking Corporation and the Central Trust and Savings Company, who had a check for \$5,000,000, and has issued \$1,000,000 preferred stock and \$2,977,200 common stock.

Two Get 20-Year Sentences. Frank Grabowski, a weaver, twenty-six years old, beat George W. Rogers to death with a hammer in a rooming house, Nov. 8 last, and escaped to Susquehanna, Pa., where he was captured, with \$40 of Rogers' money in his pocket. Grabowski, indicted for murder in the first degree, pleaded guilty in the second degree in the Court of General Sessions this afternoon. Judge Not sentenced him to not less than twenty years. Timothy McNally, who shot Margaret O'Connor to death Sept. 26 and tried to shoot himself, made a plea and received a like sentence.

## Lawyer Admits Forgery and Will Be Disbarred.

William Ehrlich, a lawyer, of No. 323 East Seventy-ninth Street, to-day pleaded guilty to forgery in the second degree before Judge Crain in General Sessions. He had had a check for \$5 signed with a fictitious name cashed by a Second Avenue saloonkeeper on Feb. 24 last. Sentence was suspended and Ehrlich will go before the Appellate Division of the Supreme Court and consent to his disbarment.

# BRITISH WARSHIPS BOMBARD GERMANS HOLDING WESTENDE

Shell Extreme Western End of Kaiser's Line—French in Alsace Attack Along Fifty-Mile Front

PARIS, Dec. 16.—A severe bombardment of Westende by British warships seeking to drive back its German occupants was reported in to-day's official communiqué. The statement says:

In Belgium the town of Westende, to the northeast of Lom-baertzyde, has been violently bombarded by the British fleet.

The Belgian army has repulsed a counter-attack on St. Georges and occupied the farms on the left bank of the Yser.

Our troops, who already had gained ground in the direction of Klein Zillebeke, also made progress, but not so perceptible, in the region of St. Elloi.

In the region of Arras, in the region of the Aisne and in Champagne there have been artillery engagements, in the course of which we gained distinct advantage at various points.

In the Argonne there is nothing to report.

In the Woeyre district we have repulsed several German attacks in the forest of Mortmare, and we have retained all the trenches occupied by us on December 13.

BERLIN (via wireless to London), Dec. 16 (Associated Press).—The German official communication issued by the General Army Headquarters says:

"In the western theatre the enemy made a new attempt to advance by way of Neuport, supported by an action of the ships at sea. The fire from these ships was entirely without effect. The attack was repulsed and 450 French were taken prisoners.

"On the remainder of the front the capture of a height to the west of Bannheim, occupied by the enemy since the day before yesterday, is the only matter worth mentioning.

"From the East Prussian frontier there is no news.

"In Northern Poland our attacking movements are progressing normally. Several strong positions of the enemy have been taken and about 8,000 prisoners and four machine guns were taken.

"In Southern Poland our troops, fighting in unison with our allies, are gaining ground."

## AID FOR "LITTLE MOTHERS."

Contributions Bought for Christmas Festival.

"The Little Mothers" Aid Association is preparing for its annual Christmas festival in Murray Hill Lyceum, Thirty-fourth Street near Third Avenue, at 2 o'clock Saturday afternoon, Dec. 16. Hundreds of "little mothers" are looking forward to the coming of Santa Claus and efforts are being made to secure enough contributions to meet the unusual demands of this year. The association maintains day nurseries and kindergartens at No. 236 Second Avenue, No. 66 Greenwich Street, No. 128 Third Avenue and No. 84 Morton Street, Brooklyn. Mrs. Clarence Burns, President, has issued a request for contributions to be made to the Treasurer, F. P. Hazard, Union Dime Savings Bank, Sixth Avenue and Fortieth Street.

## FAVOR NICARAGUAN TREATY.

Senate Committee After Months of Deliberation Orders Report.

WASHINGTON, Dec. 16.—After months of deliberation and repeated failure to get action the Foreign Relations Committee to-day ordered the Nicaraguan Treaty reported to the Senate for ratification. The United States would pay \$1,000,000 for a Nicaraguan canal route and naval bases on the Bay of Fonseca.
